EXPLANATION OF REVISIONS

Corrections to the data previously published in the January 1964 issue of Report FT 110 (last published issue) and in the February-December 1964 monthly issues of Report FT 125, in commodity by country of origin arrangement, are shown in the following section. Continuing the policy initiated with the revisions published in the December 1964 issue of Report FT 125, the revisions are given as net amounts to be added to or subtracted from the published data. Prior to December 1964, revisions were given as "Reads" and "Should read" totals. Although revisions have not been prepared in any other arrangements, such as by commodity groupings, area of origin by commodity or country of origin by commodity, these corrections are applicable to other tables shown in these reports.
